BoardEffect is the perfect tool for creating an effective diversity and inclusion plan. Your board or committee will be able to communicate and share files within the safety and security of their board management platform. Members can make notes and changes directly on the template and highlight the changes as well. When your work is completed, you can send the final plan to the full board for review, discussion and approval.

BoardEffect is designed with the unique needs of volunteer boards in mind. Our nonprofit board management software streamlines board processes and enhances and delivers secure communication, helping you to become an efficient and effective board. BoardEffect offers a centralized place for setting goals, tracking and reporting on key DE&I metrics, and ensuring transparency and accountability. **Request a demo today to find out more.**
